Note1: "Distributable earnings(NTD)" means the sum of "Unappropriated retained earnings (accumulated deficit) at beginning of period" and "profit and loss in the current year after paying taxes,making up losses,and allocating legal reserve and special reserve as required by law and other adjustments/reversals".

Note2: According to the Company Act revised on November 1,2018,the articles of incorporation may provide explicitly interim (covering the first, second,and third quarters or the first half year) or annual (covering the fourth quarter or the second half year) distribution of cash dividends that require only the approval of the board of directors and not have to be passed or acknowledged by the annual general meeting.Where dividends are distributed partially in new shares (capital increase),the proposal will have to be passed and acknowledged by the annual general meeting.This report determines the status of (proposed) resolution by distribution period,dividend/warrant type,authorization and filing status.Where the dividend year is 2018 or earlier,the status of (proposed) resolution is determined by the date of annual general meeting or the filing status.

Note3: In the case where the "Dividend in respect of the year (quarter)" belongs to the year (quarter) before 2019, "Cash distributed from legal reserve (NTD/share)"includes "Cash distributed from legal reserve (NTD/share)" and "Cash distributed from capital surplus (NTD/share)", and "Stock distributed from legal reserve(NTD/share)" includes "Stock distributed from legal reserve (NTD/share)" and "Stock distributed from capital surplus (NTD/share)".
